California State Certified Laboratory No.2153

CalTrans Soil Corrosivity Packages⁽⁴⁾

CalTrans Methods (Analysis Only)

pH, sulfate, minimum resistivity & chloride	\$195
pH(G51), sulfate, minimum resistivity & chloride	225

CalTrans Test Methods (with Brief Evaluation)

pH, sulfate, minimum resistivity & chloride	\$240
pH(G51), sulfate, minimum resistivity & chloride	270

Chemical Analysis with Detailed Corrosion Evaluation **quote⁽⁵⁾**

⁽⁴⁾ CalTrans soil box will be used. If a limited amount of soil is received, then a smaller resistivity box will be used and noted on the report.

⁽⁵⁾ For a detailed corrosion evaluation quote, please call JDH Corrosion Consultants, Inc. at (925) 927-6630.
